

Extreme How-To®

The Enthusiast's Guide to Home Improvement

2016
MEDIA INFORMATION

12+ YEARS OF PROVIDING PROFESSIONAL-GRADE
PROJECTS FOR THE DO-IT-YOURSELF!

INTRODUCTION

Extreme How-To is the enthusiast's guide to home improvement, focusing on professional-grade projects for the do-it-yourselfer. When it comes to repairing and improving our readers' biggest assets—their homes—they need hard-hitting information on tough, practical projects that build equity: roofing work, deck construction, window and door replacement, landscaping, carpentry and concrete work. We focus on projects in and around the home for the DIY'er who's not afraid to bypass the contractor and tackle the job first-hand. Seasoned handymen and savvy homeowners can follow our detailed, step-by-step instructions for a wide variety of projects, while generating their own ideas to put a personal stamp on their work. *EHT* also provides the latest information on tools and materials to get these projects completed with success.

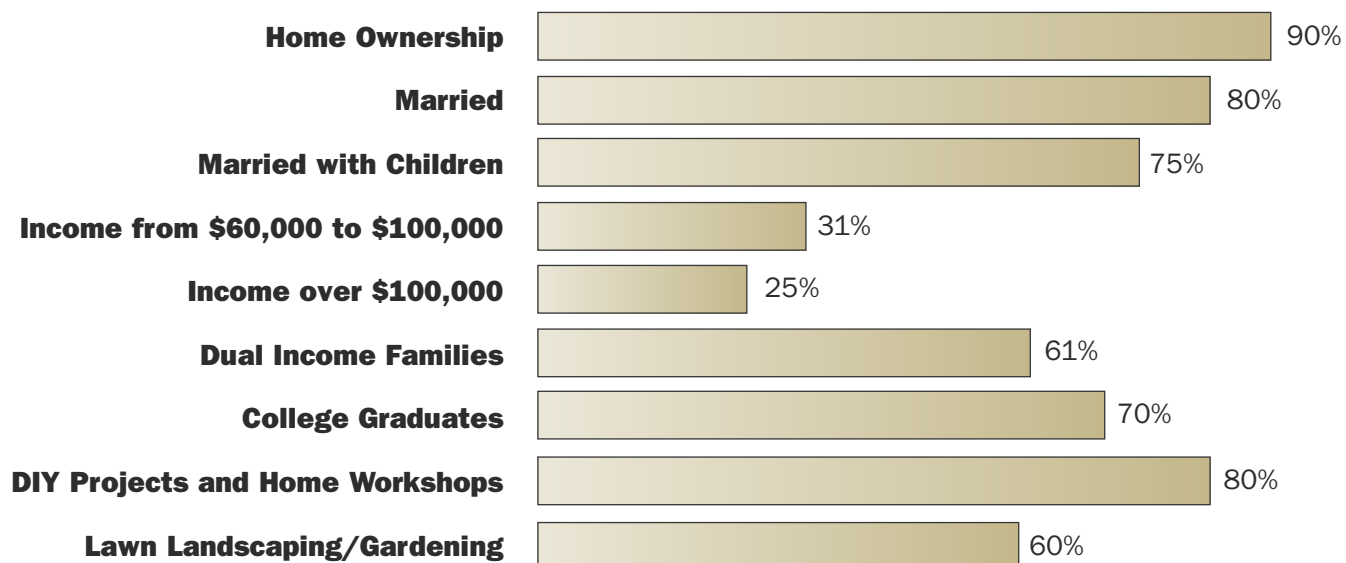

EXTREME HOW-TO PROVIDES THE LATEST INFORMATION ON TOOLS, TECHNIQUES AND HOME-IMPROVEMENT TECHNOLOGY FOR THE EXTREME HANDYMAN.

Not only does *Extreme How-To* magazine offer tons of home-improvement content, but we supplement this information on our popular website, www.extremehowto.com, and with our digital version of *Extreme How-To* magazine. Subscribers can access the digital issue online, browse through the pages with the click of a mouse, and interact with enhanced electronic features, such as video, audio and hyperlinks offering further information on a particular topic.

Our regular editorial coverage includes in-depth "how-to" features, skill building columns, new product coverage, and tips and tricks from the pros. Any smart DIY'er will tell you: In the world of home improvement, knowledge is the key to success. *Extreme How-To's* mission is to put this knowledge in the hands of people who can build it themselves, and build it better.

AD DIMENSIONS

Trim Size: 8 x 10.875

Add .125" on all sides for full-bleed advertisements.

Trim Safety: Restrict "live" area .25" on all sides for full page ads. This will prevent the loss of important information during the trimming process.

ELECTRONIC REQUIREMENTS

Extreme How-To utilizes a **digital workflow** and all ad materials must be submitted in digital format.

PREFERRED FORMATS

QuarkXpress for Macintosh with associated graphic files and fonts. Files should conform to SWOP guidelines, total area density should not exceed 300%.

ACCEPTED FORMATS

Native Desktop Application Files (Quark, Illustrator, PhotoShop). JPG, TIFF, or PDF files that are created at 300 dpi image resolution are also acceptable.

FONTS

All native format files must be accompanied by the screen and printer fonts used in those files. Truetype fonts should not be used. Black type on white background must be defined as 100% black only.

PHOTOS

All scanned images must be at a resolution of 300 dpi, and at the size they are used in the layout document.

GRAPHICS

Vectored EPS graphics files are preferred (all fonts must accompany file even if text has been converted to paths); TIFF line art is acceptable.

PROOFS

All advertisers **MUST** submit a color correct proof for all files. The publisher and printer will not accept responsibility when no proof is provided.

MEDIA TRANSFER

Files may be sent by CD, DVD, email, or FTP download. Please contact your sales representative for FTP download information. All disks must be clearly labeled and are not returnable unless otherwise requested in writing.

Ship all advertising and/or production materials to:
